DEPARTMENT OF COMMERCE

Foreign-Trade Zones Board

[Docket 8-95]

Foreign-Trade Zone 24—Pittston, PA; Application for Subzone Status J. Schoeneman, Inc., Plant (Wearing Apparel), State Line, PA

An application has been submitted to the Foreign-Trade Zones Board (the Board) by the Eastern Distribution Center, Inc., grantee of FTZ 24, requesting special-purpose subzone status for the apparel manufacturing plant of the J. Schoeneman, Inc. (JSI) (subsidiary of the Plaid Clothing Group, Inc.), located in State Line, Pennsylvania. The application was submitted pursuant to the provisions of the Foreign-Trade Zones (FTZ) Act, as amended (19 U.S.C. 81a-81u), and the regulations of the Board (15 CFR part 400). It was formally filed on March 10, 1995.

This application involves the proposed transfer of subzone activity from JSI's plant (FTZ Subzone 99A) in Wilmington, Delaware, to JSI's new Pennsylvania plant. Subzone status for the company's Wilmington plant was authorized by the Board in 1984 (Subzone 99A; Board Order 257, 49 FR 24757, 6-15-84). The scope of FTZ authority for Subzone 99A is limited to non-manufacturing activity. JSI plans to close the Wilmington facility in 1995 and transfer the activity to its new plant in State Line, Pennsylvania. The activity at the proposed subzone would be the same as that now conducted at the Delaware plant, and no expansion of manufacturing authority is being requested.

The new JSI plant (10 acres, 126,000 sq. ft) is located at 15276 Molly Pitcher Highway (U.S. 11), State Line (Franklin County), Pennsylvania, some 6 miles north of Hagerstown, Maryland. The facility (120 employees) will be used to

store, measure, and cut foreign and domestic fabric into tailored garment pieces that are shipped to other JSI plants for assembly into finished apparel (mens' and boys' suits, sport coats, raincoats, and trousers). Fabrics purchased from abroad (about 35% of total) include wool, silk, polyester, and polyester/wool (duty rates range up to 36.1%).

As is the case at the Delaware plant, FTZ procedures would exempt JSI from Customs duty payments on the foreign status fabric that is reexported from the proposed subzone. On domestic production, JSI would be able to defer duty payments on the foreign fabric until it is formally entered for consumption prior to cutting. No manufacturing would be conducted under FTZ procedures, and the same restrictions that are contained in Board Order 257 would apply at this plant. The application indicates that the savings from zone procedures will continue to help maintain the international competitiveness of JSI's domestic operations.

In accordance with the Board's regulations, a member of the FTZ Staff has been appointed examiner to investigate the application and report to the Board.

Public comment on the application is invited from interested parties. Submissions (original and three copies) shall be addressed to the Board's Executive Secretary at the address below. The closing period for their receipt is May 16, 1995. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period (to May 31, 1995).

A copy of the application and the accompanying exhibits will be available for public inspection at each of the following locations:

Ceiling Fans From the People's Republic of China: Final Results of Changed Circumstances Antidumping Duty Administrative Review and Revocation of Antidumping Duty Order

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of Final Results of Changed Circumstances Antidumping Duty Administrative Review and Revocation of Antidumping Duty Order.

SUMMARY: On December 9, 1991, the Department of Commerce (the Department) published in the **Federal Register** an antidumping duty order on ceiling fans from the People's Republic of China (PRC). We are now revoking the order, based on the fact that this order is no longer of interest to domestic parties.

EFFECTIVE DATE: March 17, 1995.

FOR FURTHER INFORMATION CONTACT: Andrea Chu or Michael Rill, Office of Antidumping Compliance, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW, Washington, DC 20230; telephone (202) 482-4733.

SUPPLEMENTARY INFORMATION:

Background

On December 9, 1991, the Department published in the **Federal Register** (56 FR 64249) an antidumping duty order on ceiling fans from the PRC (the order). On September 27, 1994, Lasko Metal Products, Inc. (Lasko), the petitioner in this proceeding, submitted a request for a changed circumstances administrative review and revocation of the order on the basis that the order no longer is of interest to the petitioner. On October 14, 1994, Lasko reaffirmed its September 27, 1994, request for the revocation of the order.

On January 17, 1995, the Department published in the **Federal Register** a notice of initiation and preliminary results of changed circumstances review to determine whether to revoke the order. (See Ceiling Fans from the People's Republic of China: Termination of Antidumping Duty Administrative Review, Initiation and Preliminary Results of Changed Circumstances Antidumping Duty Administrative Review, and Intent to Revoke Order, 60 FR 3390.) We found that Lasko's affirmative statement of no interest constitutes good cause for conducting a changed circumstances review. We gave

interested parties an opportunity to comment on the preliminary results of this changed circumstances review. We received no comments.

Scope of the Review

Ceiling fans are electric fans that direct a downward and/or upward flow of air using a fan blade/motor unit. Ceiling fans incorporate a self-contained electric motor of an output not exceeding 125 watts. Ceiling fans are designed for permanent or semi-permanent installation. Industrial ceiling fans are defined as ceiling fans that meet six or more of the following criteria in any combination: A maximum speed of greater than 280 revolutions per minute (RPMs); a minimum air delivery capacity of 8000 cubic feet per minute (CFM); no reversible motor switch; controlled by wall-mounted electronic switch; no built-in motor controls; no decorative features; not light adaptable; fan blades greater than 52 inches in diameter; metal fan blades; downrod mounting only—no hugger mounting capability; three fan blades; fan blades mounted on top of motor housing; single-speed motor.

The Harmonized Tariff Schedule (HTS) subheading under which ceiling fans are classifiable is 8414.51.0030. Although the HTS subheading is provided for convenience and Customs purposes, our written description of the scope of this proceeding is dispositive.

This changed circumstances administrative review covers all manufacturers/exporters of ceiling fans from the PRC.

Final Results of Review; Revocation of Antidumping Duty Order

The affirmative statement of no interest by Lasko, the petitioner, constitutes changed circumstances sufficient to warrant revocation of the order. Therefore, the Department is revoking the order on ceiling fans from the PRC in accordance with sections 751 (b) and (c) of the Tariff Act of 1930 (the Act) and 19 CFR 353.25(d)(1). This revocation applies to all entries of subject merchandise entered, or withdrawn from warehouse, for consumption on or after June 5, 1991.

The Department will instruct the Customs Service to proceed with liquidation, without regard to antidumping duties, of all unliquidated entries of subject merchandise entered, or withdrawn from warehouse, for consumption on or after June 5, 1991. The Department will further instruct the Customs Service to refund with interest any estimated duties collected with respect to unliquidated entries of

subject merchandise entered, or withdrawn from warehouse, for consumption on or after December 9, 1991, in accordance with section 778 of the Act.

This changed circumstances review, revocation of the antidumping duty order, and notice are in accordance with sections 751 (b) and (c) of the Act (19 U.S.C. 1675 (b) and (c)) and sections 353.22(f) and 353.25(d) of the Department's regulations.

Dated: March 10, 1995.

Joseph A. Spetrini,

Deputy Assistant Secretary for Compliance.

Steel Wire Rope From the Republic of Korea; Preliminary Results of Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of preliminary results of antidumping duty administrative review.

SUMMARY: In response to a request from the petitioner, the Department of Commerce (the Department) is conducting an administrative review of the antidumping duty order on steel wire rope from Korea. The review covers 25 manufacturers/exporters of the subject merchandise to the United States. The review period is September 30, 1992, through February 28, 1994 (the POR).

We have preliminarily determined that sales have been made below the foreign market value (FMV). If these preliminary results are adopted in our final results of the administrative review, we will instruct U.S. Customs to assess antidumping duties equal to the difference between the United States price (USP) and the FMV.

Interested parties are invited to comment on these preliminary results.

EFFECTIVE DATE: March 17, 1995.

FOR FURTHER INFORMATION CONTACT: Jacqueline Arrowsmith, Davina Friedmann, Matthew Rosenbaum, or Michael Rill, Office of Antidumping Compliance, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, Washington, D.C. 20230; telephone: (202) 482-4733.

SUPPLEMENTARY INFORMATION:

Background

On March 26, 1993, the Department published in the **Federal Register** (58 FR 16398) the antidumping duty order on steel wire rope from the Republic of Korea. On March 4, 1994, the Department published a notice of "Opportunity to Request an Administrative Review" (59 FR 10368) of this antidumping duty order for the period September 30, 1992, through February 28, 1994. On March 14, 1994, the petitioner, the Committee of Domestic Steel Wire Rope & Specialty Cable Manufacturers, requested an administrative review for 25 manufacturers/exporters of steel wire rope from Korea.

We published a notice of initiation of the review on May 12, 1994 (59 FR 24683). The Department is now conducting this review in accordance with section 751 of the Tariff Act of 1930, as amended (the Act).

Unlocated Companies

We were unable to obtain addresses for Atlantic & Pacific, Dong-Il Metal, Dong Yong, Kwang Shin Industrial, and Seo Hae Industrial. In accordance with our practice with respect to companies to which we cannot send a questionnaire, we are assigning to these companies the "All Others" rate from the less-than-fair-value (LTFV) investigation, which is 1.51 percent. See *Sweaters Wholly or in Chief Weight of Man-Made Fiber From Hong Kong; Final Results of Antidumping Duty Administrative Review*, 59 FR 13926 (March 24, 1994).

Scope of Review

The product covered by this review is steel wire rope. Steel wire rope encompasses ropes, cables, and cordage of iron or carbon steel, other than stranded wire, not fitted with fittings or made up into articles, and not made up of brass-plated wire. Imports of these products are currently classifiable under the following Harmonized Tariff Schedule (HTS) subheadings: 7312.10.9030, 7312.10.9060, and 7312.10.9090.

Excluded from this review is stainless steel wire rope, *i.e.*, ropes, cables and cordage other than stranded wire, of stainless steel, not fitted with fittings or made up into articles, which is classifiable under HTS subheading 7312.10.6000. Although HTS subheadings are provided for convenience and Customs purposes, our own written description of the scope of this review is dispositive.
